STATE OF MAINE.

LAND OFFICE, BANGOR, May 1, 1858.

IN the discharge of my duty as "Agent to superintend and manage the sale and settlement of the Public Lands" of the State, the following notice is hereby given of the

Terms and Conditions of Sale:

In the Revised Statutes of Maine, Chapter 5 may be found all the provisions of law in relation to

The Sale of Lands for Settlement

Sec. 23. Out of townships located and designated for settlement, the Land Agent shall, from time to time, select not exceeding ten in a year to be offered for sale in lots for settlement; and publish a list of them and of the townships offered for sale and settlement in former years, in which lands still remain for sale, in some paper in each county in the State in which any paper is published, once a week for three months, within six months after the selection is so made, with the substance of so much of this chapter as relates to the terms and conditions of the sale and settlement of such lands.

Sec. 24. In townships so selected, in which suitable roads have not been located, the Land Agent shall cause such roads to be located as the public interest and the accommodation of the future settlers require.

Sec. 25. The price of the settling lots shall be fifty cents per acre for which the purchaser shall give three notes payable in one, two and three years in labor on the roads in said town, ship under the direction of the Land Agent. The Land Agent shall thereupon give him a certificate, stating that he has become a purchaser of the lot or lots therein described, and that he will be entitled to a deed thereof, when he comes with the requirements of law. The certificate of the person appointed by the Land Agent to superintend the laying out of the labor on the roads, shall be evidence of the payment of the notes. Only one lot, not exceeding two hundred acres, shall be granted to the same person.

Sec. 26. Upon the payment of the notes, every such purchaser shall be required, within two years from the date of his certificate, to establish his residence on his lot, and within four years from such date to clear, on such lot, not less than ten acres, ten at least of which shall be well laid down to grass, and to build a comfortable dwelling house on it.

Sec. 27. If the purchaser fails to perform any of the duties required of him, or to pay his notes, he forfeits all right to the land, and the Land Agent may dispose of it to another person.

Sec. 28. The Land Agent shall appoint some suitable person or persons in the vicinity to superintend the laying out of settlers, the payment of their road labor, and the performance of their several duties.

Sec. 29. Whoever purchases a lot of wild land of the State, not exceeding one hundred and sixty acres and complies with the conditions of purchase may hold it with the improvements thereon, free from attachment and levy or execution, while he remains in actual possession therein, if the value so exempted shall not exceed one thousand dollars, to be set off to the owner in kind by commissioners of the land, as the land appraisers appointed to levy an execution, if the same is real estate is set off and appraised on execution.

Sec. 30. On the decease of such purchaser, his heirs and the improvements shall descend to his children, subject to his widow's right of dower, and shall not be liable to be sold for a payment of his debts, except in case his other property is not sufficient for the payment thereof, and in that case, his children shall have an occupancy and improvement thereof, subject to the widow's dower, until the youngest surviving child attains the age of eighteen years. The remainder of the estate, after the life estate of the widow and after the youngest surviving child attains said age, may be sold as other estates of deceased persons for the payment of such debts as the other estate of the deceased is not sufficient to pay. If he dies without issue, such lot shall descend and be disposed of as any other property.

Sec. 3. No such purchaser, having a wife, shall convey his said lot by deed, unless his wife joins therein, and acknowledges it to be her free act and deed before a proper magistrate.

Sec. 34. The Land Agent may sell at public or private sale for such price as he considers fair and for the interest of the State all waste of land owned by the State on islands or in incorporated towns.

Under the provisions of this law, there have been already located and designated for settlement and by former Land Agents selected and published for sale, the following townships, viz.

Townships	Acres in each	Townships	Acres in each
II, R. 1	6787	10, R. 4	21,314
B H 4,	10 042	12, R. 4,	19,890
C. R. 1,	22 640	3, R. 5,	22,117
D, R. 1,	6 499	4, R. 5,	8,004
E R. 1,	21,760	5 R. 5,	2,553
F R. 2	14 369	8, R. 5,	3,003
G, R. 2,	19,610	10 R. 5,	8,777
H R. 2,	3 147	11, R. 5,	9,304
I R. 2,	23 040	5 R. 6,	4,188
12 R 3	18,077	9 R. 5,	1 428
13 & 3,	23 049	11, R. 6,	2,640
4 R 4	22, 37	13, R. 6,	1,418

In addition to the foregoing, there were located and designated for settlement, by a Resolve of the last Legislature, the following townships, viz.—Letter G, R. 1 L. and M. R. 2; East half of 2 R. 5, and 4, R. 5, all west from the east line of the State.

These townships will be located and ready for the market, as fast as the future wants of settlers shall require. The field notes and plans of all the townships which have been located for settlement, are in the Land Office, open for inspection, where all information within the means of the Agent, to secure to individuals and companies the benefits and privileges intended by the Legislature for actual settlers, will be cheerfully given.

Hitchcock's Combination

Suction and Force Pump.

FOR SALE, a new kind of PUMP—suction and force—different from any thing now in use, for durability and you can draw water from a deep well and force it to any part of your building at the same time, in case of fire or any other exigency. You can have it with or without the forcing part. Any person within just knife can do all the repairing that will need for twenty years, as it is not geared, or order and is not liable to freeze up like other pumps. It has received the first premiums at four State fairs, and numerous county fairs.

It may be examined at the Tin Shop of P. B. MILLS, Exchange-street Bangor, where I shall remain for a few weeks.

Rights for sale.

E. H. SMITH

Bangor, Apr 12, 1858

Otis Lightning Rods.

The only Patent which affords absolute Protection against Lightning, as demonstrated by science and experience.

The Rod has been extensively used thro' the Southern & Western States, West Indies and the Canadas, since 1851, and though lightning has struck in hundreds of instances, it has never failed to protect.

The great amount of damage done recently by lightning has called attention, as it should, to the protection of buildings by the use of Lightning Conductors. It is all important that the rod used should be one that will give protection, and in rearing buildings it should be done by one having experience in the business.

Mr. Reed former partner of H. P. M. Kimball, now proprietor of the patent for Pumob but Co., has returned to this city to commence business for the coming season. Having had large experience, he assures the public that all the work of this kind will be done in a thorough, neat, and scientific manner.

Samples of this Rod, and certificates of its merits from many of the most eminent men in the country, may be seen at D. M. HOWARD'S Store, 20 Exchange street, No. 15, and at Dodge's Hotel Harlowat, and at the office of the Penobscot Mutual Fire Insurance Co., Granite Block, East Market Square, Bangor.

Safety, Utility and Beauty.

New Eng and Trace Coupling Company.

STATE RIGHTS FOR SALE.

WE are now exhibiting this desirable invention to the public. The Patent Trace Coupling is an article which needs only to be seen to be appreciated and universally adopted. By this Coupling the Trace is attached to the whiffletree instantaneously, without taking the harness, cannot be disconnected by accident, is stronger and more durable than any other attachment now in use, and makes what is so desirable in a fine carriage an excellent finish.

The Couplings are manufactured of different materials from the common finish to the finest silver plate, and can be supplied at a lower cost than any thing that is now used for that purpose, leaving a margin for an immense profit. Any person with a moderate capital can soon realize a fortune in its sale.

We are prepared to furnish the Couplings, of the different grades and sizes in quantities as desired, to those only who purchase State rights.

The Coupling may be seen at the office of the Company, where a scale of prices may be obtained, and all communications must be addressed to "THE NEW ENGLAND TRACE COUPLING COMPANY," Basement No. 5, Old State House, Boston.

REMOVAL.

United States and Foreign

PATENT AGENCY.

SAMUEL COOPER,

Late Principal Examiner of Patents in the United States Patent Office, at Washington,

HAS REMOVED HIS OFFICE TO

WEBSTER BANK BUILDING,

13 Exchange Street, Boston.

PATENTS secured in the United States and in all other patent granting countries. Specifications and drawings prepared. Caveats filed. Reconsiderations prosecuted of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extensions procured, and in general all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured thro' prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials.—

From the Hon. Charles Mason, Commissioner of Patents.

U S Patent Office, Feb. 22 1853.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents Samuel Cooper, Esq. of Boston, has been employed as Solicitor and has been in that capacity in constant correspondence and intercourse with the Office, he has evinced a thorough acquaintance with the Patent Law and with the rules and practice of the office, a close attention to the interests of his clients and a marked candor and courtesy that has rendered the transaction of business with him a pleasant one. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.

CHARLES MASON, Commissioner.

From the Examiners of the Patent Office

The undersigned, Principal and Assistant Examiners in the United States Patent Office, beg to say that we have been well acquainted with Samuel Cooper, late a Principal Examiner in this office, and take pleasure in stating that he is a gentleman of the first moral character, of unquestioned knowledge in the business and great ability in the office, and that his success in answering such as employed him for the business in which he is about to engage, is unusually great.

HENRY B. ESWICK, L. DEALE, R. H. LANE, } Principal Examiners.
F. BOLTHGATE SMITH, T. R. PEAGE, THOMAS B. EVERETT, WM. C. LANGDON, } Assistant Examiners.

From long acquaintance and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues.

HIGHLY IMPORTANT

DISCOVERY

Fousel's Pabulum Vitæ

Has now gained its position before the public as

THE ONLY REMEDY

yet discovered for speedy relief and permanent cure of

CONSUMPTION,

Coughs Colds Hoarseness Bronchitis and all other Pulmonary Complaints

The discovery of an eminent French Physician after many years of study and observation, it has invariably meets with the most

ASTONISHING SUCCESS

in the treatment of the above complaints.

Its unabated popularity, numerous certificates of remarkable cures the recommendation of some of our most eminent physicians and the analysis of Dr A. A. Hayes the State Assayer all give convincing proofs of

THE UNRIVALLED VIRTUES

And Unqualified Superiority

of this preparation to any other now extant and are constantly contributing to give it a wider and more enviable reputation. Its volatile nature affords rapid effects and consequently is DIRECT IN ITS ACTION THROUGH THE LUNGS AND AIR PASSAGES.

The discredit which has been thrown upon all preparations not prescribed by regular physicians, by reason of the worthless stuff with which true and opprobrious compounds have been imposed upon the public will tend to deter many from availing themselves of the benefits of this preparation. The agent is willing and ready to give in all sincerity that this medicine is the only family cure and free from a single deleterious ingredient, but guarantees that it will do all that he represents, not has he heard of a single case where it has failed to give satisfaction.

It is warranted to cure

Consumption by using One to Six Bottles

Bronchitis by using One to Three Bottles

Coughs by using less than One Bottle

Colds by using it Two to a Dose

Bleeding of the Lungs by using less than One Bottle

Hoarseness by using less than One Bottle

Soreness at the Chest by using less than One Bottle

Price $3 per bottle accompanied by a Treatise. For sale by

F. J. LAPORTE, Sole Agent

Boston, Mass

And by all respectable Druggists and Apothecaries in the United States and British Provinces. nov25 3m

THE CRYSTAL OIL LAMP,

For Burning the Crystal Oil,

Combining Economy and Safety!

PATENT RIGHTS

FOR STATES & COUNTIES FOR SALE!

This important invention for burning the cheap it light in the world, upon perfected and offered to the public. Numerous other attempts have been made to produce a cheap light but were attended with such inconvenient effects as to destroy their utility and add public. But the Crystal Oil Lamp, while it is the cheapest is both safe and agreeable in every particular, making a clear, white and brilliant flame, it is free from smoke or smell. There is no danger from explosion, but is perfectly safe under all circumstances. The oil used in any lamp without fear of injury the nicest ornaments. The lamp are simply arranged and perfectly controllable by children and domestics, and are constructed that the light can be varied in a moment from one to eighteen or twenty sixteen candle lamp. While it is from the disagreeable smell arising from the Kerosene and the danger attending the use of burning fluid it is found upon accurate comparison to produce

As much LIGHT for ONE CENT as Kerosene will for Three Cents, or Burning Fluid will for Six Cents!

Thus saving five sixths of the entire amount now expended, or the price of the lamp in about a month. They are adapted to all situations making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings. The patent on this is for the different States and Counties throughout the Union with the exclusive sale of the Crystal Oil, is now offered to the public presenting a rare opportunity for merchants to secure for themselves the most profitable of a trade entirely free from opposition. Facilities are completed for the manufacture of the lamps in such quantities that they will be furnished to the purchasers of rights in any style at such a cost as will yield an immediate and immense profit. These rights will be closed off immediately and the lamps and oil delivered as soon as desired. As no lamps or oil will be sold to any but purchasers of rights all letters making the request will not be noticed. Communications addressed to the Crystal Oil Lamp Co. No 5, Merchants Row, will be promptly attended to.

For each week's continuance	25

TRANSIENT ADVERTISING IS INVARIABLY IN ADVANCE.—The necessity of this rule must be obvious to every one, although only those who have gone through with the experience can judge of the inconvenience, expense, and loss of a business which operates such a great number of small accounts, scattered over so great a surface. Our customers will understand, therefore, the reason of the rule. They will not fail to see its justice.

Republican Nomination.

FOR GOVERNOR,

LOT M. MORRILL

CONGRESSIONAL CONVENTION.

Sixth Congressional District.

The Republicans of the Sixth Congressional District will meet in Convention, at Columbia, on FRIDAY, the sixteenth day of July next, at ten o'clock A. M., for the purpose of nominating a candidate for Representative to the next Congress, from said District.

Each city, town and plantation will be entitled to one delegate, and one additional delegate for every fifty votes thrown for the Republican candidate for Governor in 1857.

June 15, 1858.

Mr. Douglas's Position.

We are it stated that in reply to a question of the Charleston Mercury as to whether Senator Douglas will be found in case the people of Kansas reject the Lecompton swindle, "and knock at the doors of Congress next session, with an anti-slavery constitution?" the *Washington States* replies as follows:

"We can inform the Mercury, Judge Douglas will be found voting against any Constitution presented by the people of Kansas until the Territory shall have the ratio of population now required in all the States to elect a member of Congress, viz: ninety-three thousand."

The States is thought to speak, if not as the mouthpiece, yet from a personal knowledge of Mr. Douglas's sentiments and opinions. If so, we can scarcely perceive how better has an administration man Judge Douglas spoken.—The Lecompton democrats are now quite as good popular sovereignty men, and quite as good friends of free labor. The impudent and odious distinction set up by the English bill, in favor of slavery and against freedom was the great point of objection in that bill. The opponents of Lecompton justly denounced that bill as setting up one ratio of population for the admission of a slave State and another and larger ratio for the admission of a free State. They pointed out the arrogance and injustice of the slave power in demanding (as it did) that Kansas should be admitted with the Lecompton pro-slavery constitution, although she had but 40,000 inhabitants—but refused admittance to Kansas as a *free* State until she attains to 93,000 and perhaps to 120,000 inhabitants.—This was, and is the great heresy of the English bill—and it is such an outrage and indignity to the free States, and to the free labor interests of the country, that no real friend of freedom or of equal popular sovereignty could for a moment entertain the proposition.

We are very much surprised therefore to see Senator Douglas represented as maintaining this principle of the English Bill. It shows that he has been miserably halting between his convictions of right, and his party associations—and that the latter have been powerful enough to overwhelm the former.—We think he will go back to full communion with the party,—but if so, he can never regain the eminent position he once enjoyed in the party. His moral influence is gone and the Republican party while losing nothing of his defect on (from his own voluntarily assumed independent position, will gain immensely by the separation of the manly sentiments which he enunciated in Congress, and whose moral force can never be lost.

There is considerable sub-surface friction among the democracy, touching the appointment of Mr. Benj. Wiggin on the Fishery Commission. (It seems he was nominated, but the nomination not sent to the Senate.)—The friends of Gen. Cushman in particular, think he has been treated somewhat cavilingly. It is even rumored that the department did not vouchsafe any official notification to him of the appointment of his successor, but left him to learn the fact of his discharge from the commission of the new man being shaken in his face. Under the circumstances, the General evinced praiseworthy amiability when he delivered up the papers of the commission, without orders from head quarters.

A GREAT SUGAR COUNTRY.—Mr. Fletcher, in his work on Brazil, informs us that cold brown sugar could be purchased at Macei (a great depot on the coast for cotton and sugar) for $2,75 per hundred—and that the plan adopted that they can make sugar at a profit for less than $1,00 the hundred weight.

THE SOUTH AMERICAN INDIANS.—There are tribes of Indians on the Upper Amazon, who have never yet come in contact with civilization; and none of the tribes south of the equator seem, when first visited, to have had the faintest conception of the "Great Spirit," so generally conceived of and venerated by the North American Indians.

FISH NO LOUNGERS IN CANADA.—The Canadian Fishing Bounty bill has been ordered to its third reading, and will no doubt pass.

The Republicans of Michigan are to meet in State Convention on the 19th of August.

The Fifth of July Abroad.

The celebrations in Boston, on the Fifth, were very successful and satisfactory. Orations were delivered by the Hon Rufus Choate before the Democratic Club, and by John G. Holmes, Esq., at the Eliot's celebration. There was a "Monster Concert" on the Common—the enthusiastic song composed for the Boston Brass, Brigade, Metropolitan, and German Military Bands, all forming a grand combination of eighty pieces, to which was added, as a grand and fine effect, the guns of a detachment of the Light Artillery, which spoke in unison with the bands, and in the "three grand chords" which opened the concert, and the fortissimo passages of our national airs, Hail Columbia.

Arrangements were made for three balloon ascensions.—The Old American, without a pilot, the Hannibal, conducted by Mr. Lyons, Wise and his copter conducted by Mr. John Wise, accompanied by friends. The two latter were successful; but the proposed trip of the Old America was a failure, owing to a rent in the silk during the process of inflation. It was intended to send over up without a pilot. It is difficult to say where the balloon would have landed, but Mr. Wise believed it would have been wafted to the European continent. It seems more probable that it would never have been heard of again.

At Portland the services at the laying of the corner stone of the new Government Building were attended by many thousands of citizens and strangers. The stone was laid with Masonic ceremonies, by the Grand Lodge of Maine and hence the celebration was pleasant in nature, as to all and thronged people. Gen. Anderson was Chief Marshal of the Day, assisted by Messrs. Nathan Darker, Otis Carter, Wm. J. Ayers, Charles B. Merrill, Chas C. Tolman, Chas A. Warren. An opening address was made by Mayor Jewett, who deposited a box in behalf of the city containing certain records and documents—and the Masonic fraternity then performed their ceremonies, under direction of the Grand Master, (Hiram Chase, Esq., of Belfast.) R. W. Cyril Pearl then pronounced an eloquent oration.

New Publications.

THE CHURCH OF THE HAVEN. By Hugh Miller, LL. D. Boston: Gould & Lincoln. 1858.

Hugh Miller, the great geologist, the reverend son of Scotland, whose tragical death by his own hand, still fresh in the memory, was in the result of an overworked brain, has given to the world some of the most valuable of his scientific works. The book under notice, although not one of his details of geological facts, but a pleasant narrative of a pleasant cruise among the isles and the rocks of his own pleasant and romantic land, has not only an absorbing interest to the general reader, but is exceedingly valuable to the scientific man. In consequence of the illness and mental prostration of Mrs. Miller, who intended to issue the work after her husband's death, the narrative is edited by Mr. W. S. Symonds. It is the first of the posthumous works of Mr. Miller—all of which are to be published in this country by Messrs. Gould & Lincoln.

For sale by E. F. Duren.

THE INDIAN REBELLION—ITS CAUSES AND RESULTS. New York: R. Carter & Brothers. 1858.

In this series of letters from Calcutta, by Rev. Alexander Duff, D. D., written to a friend in Scotland, we have probably as well connected and reliable a history of the great Indian Rebellion in causes and results, as any that has yet been published. The views and opinions which Dr. Duff expresses relative to the origin of the Indian difficulties are the result of thirty years observation of the workings of the English occupation and government in that country, and a most valuable and deliberate judgment of a man of acute faculties and high skill. The book is also of great interest to the Christian reader.

For sale by E. F. Duren.

TRUTH IN ALTHEA LEAF, OR THE ORPHAN NEPHEW. This is the title of a pleasant moral story for the young, by Mary and Elizabeth Kirby, published by Carter & Brothers, New York and for sale by E. F. Duren. It will be read with interest by every child.

THE ATLANTIC TELEGRAPH. The time has arrived when the Niagara, with the American end of the telegraph cable in full due at Trinity Bay, on the eastern coast of Newfoundland. She could not have been properly expected much before this time, as the fleet departed for mid ocean heavily laden, and under sail only, and with the prevailing westerly winds of the season did not probably reach the point for commencing the laying of the cable much before the last date. There is yet room for hope, therefore, although there is a bad feature in the news by the City of Washington, which passed Cape Race on the 4th, viz: that "*the ships were seen westerly under during the entire passage.*" These gales were of course encountered by the telegraph fleet, and may have proved disastrous to the enterprise. We must have intelligence soon, either of success or failure—perhaps in the telegraph dispatch of to-day.

A TERRIBLE FATE. A despatch to the evening papers states that four men and two boys were killed at the Tarrytown coal mine, Sleepy Hollow, last week, by the breaking of the hoisting apparatus by which they fell down a shaft two hundred and fifty feet.

QUEEN VICTORIA A GRANDMOTHER.—Queen Victoria, it is stated, will appear in the venerable character of a grandmother in the course of a few months, when a pledge of the love of Prince Frederick William and his wife will be presented to the royal people of Prussia. This title was not been a common one in the royal family of England for many years, there having been but two grandmothers in that family from the death of Queen Caroline, wife of George II, in 1739, down to the birth of Queen Victoria's first child.

CHIEF JUSTICE'S HOUSE.—A social dinner to which Jarvis belonged, the subject to which one evening upon it. The discussion was animated, and "Jarvis" sang, or cited as an extemporaneous composition, "That song." exclaimed an author as he mutter, "I always carries me away when I hear it." Jarvis (looking sagaciously round the table) "Can any body whistle it?"

LOCAL AND MAINE NEWS.

A SABBATH MORNING PRAYER MEETING is held at the vestry of the Hammond Street Church—commencing at half past 6 o'clock and continuing one hour.

RECEPTION OF CITY HALL—STRAWBERRY FESTIVAL. We would call the attention of our readers to the Strawberry Festival, advertised in another column, which is to come off this evening at the City Hall, under the management of the ladies of the Universalist Society, and for the benefit of their Sunday School. The City Hall has just been refitted, and elegantly papered and painted. This is the first opening of it. We believe the Universalist ladies never fail of getting up a good time when they make the effort, and of giving to all who partake them their money's worth, and we have no doubt they will provide, this evening, a pleasant entertainment to those who would like to end a hot July day by eating strawberries and cream, drinking lemonade, and listening to sweet music.

BAPTISMS AT NEWPORT.—On July 4th Rev. E. Maxter, of the Christian order, baptized four by immersion, at Newport. On the 27th of June, Rev. A. C. Godfrey, of the Methodist society, baptized six, and on the 20th Rev. S. S. Mason, of Bangor baptized two at the same place.

NEW CHURCH AT NEWPORT.—The Methodists, Society at Newport have commenced erecting a handsome and commodious church building, to contain 12 pews. The foundations are already laid—and the work will be diligently prosecuted.

DROWNED.—At Plymouth Village, June 30th, Charles Tucker, while bathing with his brother in the Mill Pond, ventured too far into the water and was drowned. His brother came near being drowned in attempting to rescue him. There were quite a number of persons present, but none who could dive after the body, and before assistance could be obtained life was extinct.

TYPOGRAPHICAL ERROR.—It was a son of Mr. Henry Lane, aged about two years, who was drowned at Veazie's wharf, on Saturday. An error in the name occurred in our former notice, in consequence of the proof not being seen by the editor. One or two other bad errors occurred in the same paper in matter which was set up in the evening.

SINGULAR OPERATION.—A REMARKABLE CASE.—A correspondent informs us that Dr. William Hoode son, of Lucksport, on the fourth day of July, by a surgical operation, extracted from the cavity of the abdomen of Miss Nancy Jane Shute, of Stockton, *seven gallons and a half of water*, resembling *egg suds, weighing ninety pounds!* This liquid has been accumulating gradually for four or five years. She bore the operation well,—and when finished said she felt so light she almost could fly. It is the opinion of the writer that this is the largest quantity that has ever been taken from any person at one operation in the United States.

SIR FRANKLIN, (of Hancock,) abandoned and full of water, was boarded 2d inst. from brig Samuel French, which took from her some bars and cedar sleepers.

THE INDIANS are now doing a smashing business in manufacturing hoops for ladies' dresses, out of basket stuff. The red ladies have also adopted the fashion in its greatest amplitude.

THE "EAGLETS," the young fire company connected with the beautiful little Button engine presented by the manufacturer to the son of Tom Fenno, Esq., had a pleasant and quiet celebration of the Fifth, by way of dedicating or christening" their engine house, next to City Hall, and by partaking of a nice collation. In working their smart little engine, they succeeded in throwing a stream over No Three's flag staff, 112 feet in height.

The School Celebration at East Corinth, on the 1st inst is spoken of as a brilliant affair. The town schools, comprising 600 scholars took part in the celebration, and were escorted by two handsome volunteer companies formed by the young men of the town and commanded by Capt. J. B. Nichols and Capt. Clark. Dr. Jared Fuller was President of the day.—Prayer was made by the Rev. Mr. Bray and the Declaration of Independence read by Rev. Mr. Mariner. John H. Wilson, Esq. delivered the oration which was an excellent performance, full of sentiments suited for the occasion and the day. The poem, by Jacob Dowlejoy, Esq., was a finished and a musical production.

Celebration at Charlie's Corner.—The Sabbath Schools and citizens generally had a fine celebration at Curtis' Corner in Frankfort on Monday the 5th. After services by the Chaplain, Rev. Mr. Lombert, the Declaration of Independence was read by Mr. Smart of Monroe. An oration upon "The true dignity of Patriotism" was delivered to the citizens by Col. T. J. Cushing of Frankfort, after which the Sabbath Schools were addressed by Rev T. B. Clements. The process on was under the conduct of Capt. Chas. Thompson, Chief Marshal.

(We received a report too late for this paper.)

It has been stated that the furniture and other effects of the families turned out by the fire on Hancock Street was mostly saved.—We learn that there were some exceptions and among them the case of Mr. Dennis Dunn's family is a peculiarly hard one. They occupied some of Mr. Lowell's houses, which was within a few feet of the spot where the fire broke out—and they had barely time to escape with their lives, saving all their effects, as we are informed.

After a few days of comparatively mild weather another "heated term" commenced yesterday, (7th.) The mercury went up to 94 in the shade.

Thanks to Dynamic Express for Boston papers per steamer Hartford.

We are indebted to Capt. William Howard for late Halifax papers.

Accidents. Mr. Daniel H. Gould, of Moosehead, as we learn from the Clarion had an ankle badly crushed and his leg broken, by falling from a building on Thursday last.

ANOTHER EXPEDITION TO THE ST. LAWRENCE.—Mr. R. D. Bartlett's steam schooner "Dirigo" cleared yesterday (Wednesday) morning for the St. Lawrence river, as we understand, where we suppose an attempt is to be made to raise the English steamship "Canada," which was sunk near Quebec last summer—the former attempt having failed in consequence of difficulties or disagreements between the owners and the underwriters. We have no authoritative information, but it is reported a new attempt is now to be made. The Dirigo has been fitted with new and more capacious boilers, and is now thought to be every way equal to the enterprise. The perseverance of Mr. Bartlett, in the face of complicated and formidable difficulties is worthy of success—and we hope that he may attain it—both in respect to the raising of the Canadian, and also the ship which was the original object of his extensive preparation, the "City of Philadelphia," lost on Cape Race, Newfoundland, in September, 1854.

JUMPED OVERBOARD.—The steamer M. Bamford, which arrived yesterday at 11 o'clock, was detained in Boston harbor about half an hour on Tuesday evening, in consequence of a crazy or drunken sailor jumping overboard. His name is Constantine, and he was being conveyed to Rockland for the ship Lone Star. After having some words with some persons on board, he turned away, saying "Good bye, I shan't stop here any longer!" and immediately passed along and jumped over the rail near the entrance to the ladies' cabin. He was seen to go over by Mr. Yeaton, of Bryant's Express; and the alarm being at once given, the steamer was immediately stopped, and a boat sent after. Before it reached the man, however, he was picked up by the yacht Howard, which was coming down the harbor, and was carried back to Boston.

MORE ROBBERIES OF NEWBURG.—We learn from the Times that on Monday night the dwelling-house of William Chapman was entered and robbed of a watch, money, &c., to the value of fifty dollars.

On the night of the 6th the house of James Morse was entered, and about forty dollars worth of money and articles were taken.

On the same night the house of William Lewis was broken open, but the rogues were frightened off without any booty.

NORONHUS MARKET. Every stall in Noronhas Market is now occupied, and the place presents a flourishing appearance. In the meat line, Jones & Tinkey, M. G. & A. H. G. Rice, George Vincent, and Benj Sargent have stalls, and are selling large quantities of meat. Bickford still continues to sell fish, and Bickford & Pendleton occupy one stall as a refreshment saloon. About a year since, the Market Mutual Store was opened, as an experiment, and under the management of Mr. Pitcher it has become a success. The last tenant stalls were taken a day or two since by Mr. R. Davenport, of Milford, who will open a corn, flour, and general grocery store. We wish the occupants all much success.

NEW STORES.—Messrs. Sawtelle & Dole, two energetic young men, well known in this community have taken the store formerly occupied by Mr. Woodarson, and will continue to carry on the same business.

In Exchange Block, Messrs. F. B. & J. P. Warren have opened a grocery store—and Messrs. Crombie & Parker have taken the adjoining store, and will carry on the same business.

Mr. L. Hamblen, formerly of Oldtown, has also opened a grocery store on Central street.

Mr. Wm. Lewis is occupying the store connected with his residence on Main street as a general grocery store.

Mr. Edwin Chick, formerly of the firm of C. H. Dunning & Co., has opened a grocery store on Broad street.

ROCKLAND VESSEL CAPTURED. Schr. Fair Trade, of Ellsworth, a reported 2d inst., off Cape Elizabeth, having in tow schr. Laura Frances, of Rockland, which she fell in with on the 1st, keel up, but which afterwards partly righted. Supposed to have been capsized in the squall of Wednesday evening, 30th ult. Nothing was known of the fate of the crew. The boat was gone from the davits, but the blocks being unock up, it looked as if the boat unhooked when the schooner went over.

FIRES. On Sunday night, the steam saw mill at Gardiner, owned by Messrs Coburn, Perkins and Hamlen, was destroyed by fire. Loss about $1600; no insurance.

The house of Mr John Gray, of Embden, was burned on Thursday last. Loss $400; no insurance.

Theodore S Heal was drowned in Durham, in this State, on the afternoon of the 5th.

RESIGNATION. We learn from the Advertiser that Wm R Lincoln, Esq., the accomplished Superintendent of our State Reform School has resigned his situation, and accepted the charge of one in the City of Baltimore. Mr. Lincoln was a most excellent officer, and his resignation will be much regretted.

APPOINTMENT. The Governor and Council at their recent session, confirmed the appointment of Thomas H Tabor, Esq., of this city, as Auditor of this county.—*Portl. Adv.*

The Governor and Council have appointed on the Board of Trustees of the Hospital for the Insane, Joseph Barrett, Esq of Canaan, and Alex. Barbank, Esq. of Lewiston.

AGRICULTURAL STATE FAIR. We have received a circular containing the schedule of premiums and the rules and regulations of the Maine State Agricultural Society at its fourth annual exhibition, to be held at Augusta, commencing September 21st, and continuing four days. The amount of premiums offered in cash is upwards of $4000.

Exhibitors residing in the place where the show is held must have their animals or articles entered with the Secretary on or before the Saturday preceding the show, and all others before the first morning of the show.

The list of life members of this Society shows 148—of which number 79 are from Portland and 27 from Bangor. There is not one from Augusta, where the show is to be held, and we trust that will not be the case next October.

PRACTICING ON LEMONADE BLOWPIPE. In referring to the indecorous attempts of the democratic organs to gag glory to the administration for the cessation of the English visitations to our merchant vessels in the Gulf, the Washington correspondent of the New York Times writes under date of *July 2d*:

A new edition of *Bernikin on the Blow Pipe* has been issued from the office of the Government organ. The Blow Pipe jubilates extravagantly over the conversation between Lord Malmesbury and Mr. Dallas, in which, as the executive journal maintains, the British claim to the right of search and visit was distinctly abandoned by Lord Malmesbury. This was done many years ago; it has happened many times before. The Earl of Clarendon officially stated six or eight years since, and Lord Aberdeen had said the same thing before, that no American ship was to be molested though known to be engaged in the slave trade, and that such a vessel, known to be such, could sail quietly through a whole fleet of British ships-of-war, if such fell dee in her crowded with her human freight. Nothing more than that can have been said by the British Secretary for Foreign Affairs in any recent negotiation. All that we have gained in the late flurry has been, probably, a stipulation that greater care shall be taken than has been in boarding vessels bearing the American flag.—To claim that any striking concession has been obtained or any great principle settled by our well-directed protests against the insults to our commerce, is simply to practice upon the "blow-pipe" of the central organ and to play upon the Anglophobia of the unterrified Democracy.

THE HAY SEASON.—The farmers in the vicinity of Boston are now busily engaged in cutting a heavy crop of grass. The weather is all they could wish, and if it continues favorable, as fine a crop of hay will be secured as was ever gathered in the old Bay State.—*Worcester Spy.*

The hay season in Maine will be a week or two later than usual, and the crop light upon old fields. The spring and summer rains have not been sufficiently copious to give the grass a heavy growth. It is customary for farmers in this region to commence haying immediately after the fourth of July; but there will be nothing of consequence done this year previous to the 12th or 15th, and many of the fields will not be in suitable condition for the scythe before the 20th. We think the crop will fall one-quarter to one-third short of the average of recent years.

THE CROPS ABROAD.—The Albany Journal of the 5th says of the prospect generally:

"The weather, for a foreign fly, has been everything the farmer could desire. Should the season continue through July and August as favorable, the corn of Indiana and other Western States, which was supposed to be a hopeless failure, will ripen. Elsewhere the cause of Agriculture is eminently hopeful."

The deficiency in the corn crop in consequence of the floods at the West, will not be so great as generally supposed. The country flooded comprises but a very small part on of the corn lands of the Great West, and the increase in many sections will mostly compensate for the loss.

Accidents on the Fifth.

As the morning train from Boston was leaving the depot at Newburyport, a woman named Elizabeth Ann Locke, was thrown under the cars and killed. Her age was fifty-six years. It seems she had stepped into the cars while they were stopping at the depot, to bid her daughter adieu. The cars started suddenly and in attempting to jump from the train she fell between the cars. Her body was shockingly mangled, and she expired in about half an hour. A daughter, in attempting to assist her, had her hand and other parts of her body bruised. Mrs Locke leaves a husband, who is absent at sea, and three daughters.

TRAGIC AFFAIR AT SOUTH DANVERS. On Monday morning, Mr Philip, Blaney, painter, who resides on Felton-street, South Danvers, became engaged at the proceedings of some young men who were meddling with his premises, and making the usual 4th of July demonstrations, rushed into the street, armed with a sword cane, and inflicted eight stabs on the person of Mr. George Price, took his brother, Mr. John Price, carried him into the house, and beat him in a shocking manner, and also stabbed Mr. Joseph Grey. The affray was caused by the wounded parties pulling down a fence protruding into the street, termed a "spite fence." The injured parties are all young married men. Mr. B. and his son who assisted him in the act, were lodged in Salem Jail to await an examination.

At Ipswich a little girl of about ten years, daughter of N. R. Waite, was severely, if not fatally burned, in consequence of her clothes taking fire from fireworks. Mr. Waite himself was in, used in extinguishing the fire.

THE FORCE OF A ROCKET STICK. An illustration of the force of the stick of a rocket as it falls to the ground, was seen this morning upon the roof of a house upon Harrison Avenue. The stick which is about twelve feet long, struck the roof, (a very steep one and calculated in consequence to break the force of such a blow) broke through two slates, passed through a foot of its own length, and remained there in an upright position. Such a blow on the head of a person in the street, might cause instant death.—*Transcript.*

During the exhibition of the fireworks at Boston, one of Sanderson and Lennergan's largest rockets came down through a sky-light in the rooms of the American Tract Society, broke a number of lights and landed on the counter. It set fire to some wrapping paper which was lying on the counter and went out.

Fires occured on the 5th at Newburyport, Dover, South Danvers, and Shelburne.

RETURN OF REV. DR. MEIGS. We have the pleasure of welcoming again to our shores, the veteran Missionary, Rev. Dr. Meigs from Ceylon, who reached this country by way of England, on Wednesday the 23d ult. It is now 44 years since Dr. Meigs went to India, where he spent a lifetime in the noblest of all works, that of a Christian Missionary. Dr. Meigs will receive a warm welcome from the churches of our land.—*N. Y. Observer.*

TOMATOES.—A correspondent of the Genesee Farmer gives his mode of growing tomatoes. When planted, he drives down a few stakes, six or eight feet apart, leaving them about four feet high the whole length of the rows, and nailing a strip of wood all along the tops, and tying one or two lower down the stakes to make a trellis. When they have grown sufficiently long to tie to the trellis, select two or three of the longest shoots and tie them loosely to the trellis, cutting away all other small laterals which may grow on the main branches. Let these main branches grow until they have come in flower and set the first bunch of fruit; then pinch out the top one joint above the fruit, leaving the leaf entire; then allow it to go on again until it has flowered and set another bunch of fruit, when the top is pinched out one leaf above the bunch, to stame of the first, and so on of all the rest. If any one will take this little extra trouble, he will be astonished at the bluster of fine, large tomatoes he will have.

"My dear friend," said H——, "I can cure your toothache in ten minutes."

"How? how?" inquired I. "Do it in pity."

"Instantly," said he. "Have you any alum?"

"Yes."

"Bring it, and some common salt."

They were produced. My friend pulverized them, mixed them in equal quantities, then wet a small piece of cotton, causing the mixed powder to adhere, and placed it to my hollow tooth.

"There," said he, "If that does not cure you I will forfeit my head. You may tell this to every one, and publish it everywhere. The remedy is infallible."

It was as he predicted. On the introduction of the mixed alum and salt, I experienced a sensation of coldness, which gradually subsided, and with it—alum and salt—I expel the torment of the toothache.

Ex-Governor Gardner has lost his father, Dr. Gardner, who died on the 21st June, in his 80th year. He left a fortune of half a million of dollars, and but two children—the Governor, that was, and Mrs. Denny. The Governor is a man for more likely to double his share of the tin than to lessen it to the extent of the half of a half-dime. He, like the renowned Barkis, is a little "near," and not a little other. He is an unalgamative man, and sees brilliant visions in each cheese-paring to borrow Byron's words.

The most effective action in the even. of sun stroke, is said to be to throw cold water copiously over the patient, as soon as possible, and continue to do so until restoration ensues.

[For the Whig and Courier.]

The Maiden's Lament.

FROM THE GERMAN OF SCHILLER.

The oak wood moans;
The clouds march o'er;
The maiden sits
On the green sea-shore;

The waves, they sob and sobbing with might, with might,
And she sighs out aloud on the gloomy night.
Her eyes all reddened with weeping

"The heart is dead;
The world is vain,
And naught can it give me
To hope for again.

Then, Holy One, summon Thy child to Thee;
The bliss I once dreamed has withered for me;
Alas! I have lived and have loved.

"My tears are flowing,
A gentleness stream;
My cry cannot waken
The dead from his dream;

O, tell, what can healing and comfort impart,
When the loved one is called from its love to depart,
To the pleasure of sadness and weeping."

TELEGRAPHIC

TO THE DAILY WHIG & COURIER.

From Washington.

Washington, July 7, 1858.

It is reported that Commodore Paulding has command the vessels sent to Paraguay.

Various libraries and institutions throughout the Union will be supplied by the Interior Department with complete sets of the documents of the last session of Congress. The disposition is in accordance with a law of the last Congress.

John B Clark has been appointed by the President, John Wilson, Barney Campbell, Astronomer, to run the line of the United States, to run the line from Texas. They will commence operations the first of Sept at the point where the line crosses the Rio Grande.

Jonathan C Bertolette has been appointed Assistant Surgeon, and William Lee Ward, Assistant Surgeon in the navy, in place of Dr. Ward, resigned.

The receipts into the Treasury from all sources for the last of June will amount on deposit $5,150,000 but not paid $2,269,000, and the credit nearly $6,000,000.

The Secretary of the Interior has left Washington for Missouri on Friday.

Genl. Wood is here and has tendered the appointment of Governor of Kansas and Nebraska to Mr. Calhoun, whose term expires in March.

The Commissioner of Indian Affairs has taken the approbation of the President to the plan of Commissioner Greenwood, to prevent further Indian depredations by a military force, instead of the usual agency. Reports are now being detached to the several tribes and to-day full instructions were given to the Superintendent of Indian Affairs. The claims of the Indians are to be satisfied; reservations and other measures indicate the pacific character of the contemplated operations.

The steamer Florida has left with 200 passengers and $1,000,000 in specie.

Efforts are being made to form a line of steamers to run between Boston and Liverpool, with the aid of the government.

TELEGRAPH.

TO THE DAILY WHIG AND COURIER.

From Washington.

WASHINGTON, July 7.

It is reported that Commander Page will command the vessel soon to be dispatched to Paraguay.

Various libraries and institutions of learning throughout the Union will shortly be supplied by the Interior Department with complete sets of the documents of the 34th Congress. The dispatches were despatched by members of Congress in accordance with the law of the last Congress.

John H Clark has been appointed Commissioner, John Weiss, Surveyor, and Hugh Campbell, Astronomer, on the part of the United States, to run the Texas boundary.—They will commence operations about the 1st of Sept. at the point where the 32d parallel crosses the Rio Grande.

Jonathan C Bertolette has been appointed Assistant Surgeon, and Wm H Dall Lieutenant in the navy, in place of E G Stockton dismissed.

The receipts into the Treasury from the first to the last of June were $1,061,160; amount on deposit $8,120,000; drafts drawn but not paid $2,269,000; amount subject to draft nearly $6,555,000.

The Secretary of the Interior will leave Washington for Missouri on Friday.

Gen. Ward B Bennet of New York has been tendered the appointment of Surveyor General of Kansas and Nebraska, vice Gen. Cahour, whose term expired on the 3d of June.

The Commissioner of Indian Affairs, which the appointment of the Secretary of the Interior, has taken prompt measures with a view to prevent further Indian depredations on the Santa Fe grey. Recently a special agent, well versed in the scene of the disturbance and to day full instructions were sent to the Superintendent of Indian Affairs at St. Paul. The claims of the Indians against government are to be satisfied, presents distributed, and other measures initiated to promote their domestic comfort.

New York, July 7.

The steamer Persia took out upwards of 200 passengers and half a million in specie.

Efforts are being made to start the Collins' line of steamers on the 12th inst, provided the government will agree to the proposed change of the eastern terminus to Southampton, otherwise the steamers will be disposed of to the French parties who have been in treaty for them.

Spoken, June 30, lat 36 50, lon 58 30, brig Elon, from Bangor for Gualadalupe.

ALBANY, 7th

The President of the Board of Trustees will today commence legal proceedings to recover possession of the Dudley Observatory from the Scientific Council. The latter have expressed their determination to hold the possession for thirty days, as tenants. This, however, will not prevent the Trustees from proceeding summarily against the Council as trespassers, should that body come into court the next meeting.

St. Louis, 7th.

Letters from the Utah correspondent of the Democrat, which is traveling with the head quarters, says that Gen. Harney and staff, reached a point on the Little Blue, two hundred and forty-five miles West of Fort Leavenworth on June 23d. All well, and in excellent spirits. The letters contain no news.

may 7

P. E.

Mr. "Perry Davis"—I feel it to be my duty, as but a testimony to the efficacy of your Pain Killer. I have used it on pains for complaints of the stomach and bowels. I had a very severe attack a few days ago of the ague, and took a gills in my back for three days and nights that I could not be cured. I sent and got a 50 cent bottle of the "Vegetable Pain Killer." I took a little carefully, and followed according to directions, and was so improved as to remove all the pain, and I am able to write to day, though with a trembling hand. The relief came on made last night about 9 o'clock, and I had taken eight doses. I have recommended it to my neighbors, and I have invariably a good deal, and it has great improvement in the place where it has been used according to directions.

Yours gratefully, L. PERRY GILLEN,
Pastor of Baptist Church, Troy, O. Me.

GEORGE L. ANSON

HAVING purchased the Stock in Trade of his former partner, the late GEORGE R. STARRITT, will continue his business at the Old Stand, corner of Hammond and Franklin Streets.

Old and new friends and customers are respectfully invited to continue their acquaintance with the Store, and he will endeavor, on his part, to make it both pleasant and profitable.

Constantly on hand, as above, a good assortment of

West India Goods, Groceries and Provisions; Crockery and Glass Ware, Table Cutlery, &c., &c.

He is ready and willing at all times to exchange anything in his store for Cash, Lumber, Hemlock Bark, or six-cut any thing except promises to pay—at a modern and reasonable profit.

Pay Rollers in the City, or purchasers from the Country, are respectfully requested to call and satisfy themselves.

GEORGE R. ANSON.

Dancing Academy

Monsieur Marquis,

Professor of the Art of Fencing,

TAKES pleasure to offer his services as a teacher of this noble Art, in all its branches, Sword or Foil.

The strengthening and beautiful effects of this manly exercise are acknowledged by all eminent physicians as developing muscular power, and enlarging the breathing faculties of the chest. Every young man ought to avail himself of this opportunity to get acquainted with the handling of the sword, and at the same time to expand his vital powers and increase his energy and self-confidence.

STEAMERS.

SUMMER ARRANGEMENT.

NEW YORK & PORTLAND.

The Splendid and Fast Steamer

Chesapeake,

Capt. SIDNEY CROWELL, will run regularly between *New York* and *Portland*, as follows:

Leaves Brown's Wharf, Portland, every SATURDAY, at 4 P. M., and returning, leaves New York, Pier 12 N. R., every TUESDAY, at the same hour.

The vessel has just been fitted up with fine accommodations for Passengers, making this the most speedy, safe and comfortable route for travellers between New York and Maine.

PASSAGE $5,00—including Fare and State Room.

☞ Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta, Bostport and St John. Also, connects with steamers for Baltimore. Goods taken through with dispatch, at the cheapest rates.

For freight or passage apply to

EMERY & FOX, Brown's Wharf, Portland. H. B. CROMWELL, Pier 12 N. River, New York.

Portland, April 2 1858

California Steamers

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, from Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense*. This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus.

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 300 miles of dangerous lake and river navigation, over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a sure and *short* passage without any detention on the Isthmus.

☞ *Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama*, and tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city.

C. L. BARTLETT, Agent,
No. 16 Broad Street, Boston.

August 1, 1857 1y

Portland to Boston.

Summer Arrangement.

The Steamers LEWISTON, Capt. Geo Knight, and the FOREST CITY, Capt. F. A. Prince will run as follows:

Leave Atlantic Wharf, Portland, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 5 o'clock P. M.

Fare in Cabin,	$1,25
Fare on Deck,	1,00

Freight taken as usual.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families, and travellers are reminded that by taking this line much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value.

L. BILLINGS, Agent.

Bangor April 27 1858

American Safety Paper Manufacturing Company of N. Y.

Capital $500,000.

A. NICOLAS, President. Office, 70 Wall st.

A Perfect Security against all manner of Forged or Counterfeiting on Paper—To Prevent Photographic and Anatomic Counterfeits, Erasures, Tinctures or Alterations.

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America, invented and patented by Samuel Green, a practical chemist and officer in the British army, it is hardly more early to say that the Paper is recommended by Mr. Kent, assayer of the U. S. Mint, Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skillful photographers, 224 Broadway, N. Y. The latter say that no erasure can be made on a check or bank note printed on the Safety Paper. Below a partial list of prices:

Bank Checks—35 cts. per lb.
Bank Bills—$18 for 1000 sheet.
Bills of Exchange—25 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Sight and Time Drafts—$25 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stock and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping drafts, or other fine articles it is excellent, as it preserves them. 40 cts. a lb.

For Indentures and Agreements, 40 cts a lb.

All State and County Records should always be printed or written on this paper, as the chemicals imparted to the paper not only prevents erasure or alteration, but makes it last as long as the paper itself.

For Sight bills it is a special advantage, and much superior to any other, as the moisture of the climate does not destroy it—the properties imparted to it help both to prevent it.

In all the Southern States, the West Indies, and the Central American States, no public records can be kept for 20 years, written on ordinary paper, while by this and other chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats and other vermin, which feast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris Co. N. J., of about 300 horse power, and are ready to fill all orders for Paper of the shortest notice.

All orders for the Paper must be addressed to A. NICOLAS, President of the Company, No. 70 Wall st. N. Y.

To Mechanics, Inventors, and Manufacturers.

IN announcing the THIRTEENTH Annual Volume of the SCIENTIFIC AMERICAN, the Publishers respectfully inform the public that in order to increase and stimulate the formation of clubs, they propose to offer

One Thousand Five Hundred Dollars in Cash Premiums,

for the fifteen largest lists of subscribers sent in by the 1st of January, 1858, said premiums to be distributed as follows:

For the largest is $300; 2d, $250; 3d, $200; 4th, $150; 5th, $100; 6th, $50; 7th $30; 8th, $20; 9th, $20, 10th, $20; 11th, $20, 12th, $25, 13th, $30; 14th, $25; 15th, $20.

Names of subscribers can be sent in at different times and from different post offices, the cash will be paid to the owners of the successful competitors immediately after the 1st of Jan. 1858.

Southern, Western, and Canada money will be taken for subscriptions. Canadian subscribers will please to remit twenty-six cents extra on each year's subscription to pay postage.

Terms of Subscription—Two Dollars a year, or One Dollar for Six Months.

Club Rates—Five Copies for Six Months, $4; Five Copies for Twelve Months, $8. Ten Copies for Six Months, $6; Ten Copies for Twelve Months, $15; Twenty Copies for Twelve Months $24.

For all Clubs of Twenty and over the yearly subscription is only $1 40.

The new volume will be printed upon fine paper, with new type.

The general character of the SCIENTIFIC AMERICAN is well known and, as heretofore, it will be chiefly devoted to the promulgation of information relating to the various *Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work*, and all interests which the light of Practical Science is calculated to advance. It is issued weekly, in form for binding. It contains about 300 to 600 finely executed engravings, and notices of American and European improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers.

It is the aim of the Editors of the SCIENTIFIC AMERICAN, to present all subject discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid, fearless course in combatting and exposing false theories and practices in Science and Mechanical matters and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.

Specimen copies will be sent gratis to any part of the country.

FIRE AND MARINE INSURANCE.

CHARTERED BY LEGISLATURE, JUNE, 1856.

Authorized Capital, $500,000. *Cash Capital paid in and securely invested*, $150,000.

OBED E. MILLER, Secretary. WARD COWING, Pres'dent.

BOARD OF DIRECTORS—Ward Cowing, William A. Bradford, Samuel B. Darling, Edward B. Payne, George W. Hall, F. C. Gardiner, Obed E. Miller, Thomas A. Doyle, William B. Rayner, George Cleveland, Philip Ryder.

THIS Company insures against Loss or Damage by Fire, on Stores, Merchandise, Dwellings, Mills, Manufactories, Hotels, &c.; also on Marine and Inland Transportation Cargo Risks at the ordinary rates of premium.

Losses Promptly and Equitably Adjusted and Paid.

All premiums are made specific when Policies are issued, and are to be paid in money; and no further assessment in case of loss is to be made on the parties so insured. The advantages of a Stock System, which precludes the possibility of an assessment are very obvious.

The Board of Directors have authorized the issues of Policies on country risks, detached on very low terms.

The Company expect to deserve the confidence of the public, by doing business on as favorable terms as any other similar institution, and by the utmost fairness and liberality in all their dealings.

Policies granted and issued to parties effecting insurance, at once without delay, by the undersigned, at his office.

LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE.

Keep your Feet dry, and you will seldom need a Physician.

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff and rotten; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather; at last by a chemical process, I discovered a preparation which is perfectly harmless with the strongest properties with which leather is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it lasts.

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all conscience, recommend it to the public as the best article in the market.

THE LIVER INVIGORATOR

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These Gums remove all morbid matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, *purifying the blood*, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious Attacks are cured, and a little better prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night removes the bowels easily, and purges constipation.

One dose taken after each meal will cure *Dyspepsia*.

One dose of two teaspoonfuls will sin sickness and *Headache*.

Only one dose immediately relieves *Colic* and *Cholera*.

All who use it are giving their unanimous testimony in its favor.

Mix cider in the mouth with the Invigorator, and swallow both together.

Price One Dollar per Bottle.

DR. SANFORD, Proprietor, No. 315 Broadway, N. Y.

Resident agent Druggists generally, also, by H. P. Hedbury, Bangor. June 9'58 dawly

American & Foreign Patents.

R. H. EDDY,

Solicitor of Patents,

(Late Agent of U. S. Patent Office, Washington under Act of 1837.)

76 State Street, opposite Kilby-st.,

BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same—Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that no firm MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber, during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of Patents granted in the United States and Europe render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor for procuring patents. There were few, if any, persons engaging in that objects, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and faithful, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

[From the present Commissioner.]

"ARTHUR, 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules and practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,
Commr. of Patents.

LOOK.

THE LUXURY AND PROFIT OF

HONEY MAKING.

☞ Torrey's Bee Hive.

THE subscriber, having purchased the right of making and selling *Davis' Patent Bee Hive* for the Counties of Penobscot, Lincoln and Sagadahoc, which has been received with so much favor, and taken the first premiums wherever exhibited, has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals.

This Bee Hive, thus improved, is admitted by persons acquainted with the honey-making business, to be superior to every thing yet invented for the purpose. It covers all the requisitions for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper separation of the swarms, and generally for the bee in safe comfort of the workers.

The boxes used in this Hive for storing honey, are the best adapted in their size, for the market, holding from three to six pounds each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, fifty swarms of Bees, with the new hives.

For hives, individual rights, &c., address

D. S. TORREY,
Fifth-street, Bangor.

THE LIVER INVIGORATOR

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These Gums remove all morbid matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, *purifying the blood*, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious Attacks are cured, and a little better prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night removes the bowels easily, and purges constipation.

One dose taken after each meal will cure *Dyspepsia*.

One dose of two teaspoonfuls will sin sickness and *Headache*.

Only one dose immediately relieves *Colic* and *Cholera*.

All who use it are giving their unanimous testimony in its favor.

Mix cider in the mouth with the Invigorator, and swallow both together.

Price One Dollar per Bottle.

DR. SANFORD, Proprietor, No. 315 Broadway, N. Y.

Resident agent Druggists generally, sold also, by H. P. Hedbury, Bangor. June 9'58 dawly

One dose often repeated is sufficient for *Chronic Diarrhœa*.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all sallowness of unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures *Chronic Diarrhœa* in its worst forms, while *Summer and Bowel Complaints* yield almost to the first dose.

A few bottles will cure *Dropsy* by exciting the kidneys.

We take pleasure in recommending this medicine as a preventive for *Fever and Ague, Chill Fever*, and all fevers of a *Bilious type*. It is sure with certainty, and thousands are willing to testify to its wonderful virtues.

Ayer's Pills

Boldness are the statements from eminent physicians, of their effects in their practice.

AS A FAMILY PHYSIC

From Dr. E. W. Lawrence, Philadelphia.

"Your Pills are the purest and most valuable compound of cathartic medicine with which I am acquainted. Their virtues are so well established by long and very extensive practice, that it is a matter of surprise that any intelligent physician should hesitate to prescribe them, when they know that they can obtain a cathartic which makes them invaluable in the treatment of disease."

FOR JAUNDICE AND ALL DISEASES OF THE LIVER.

From Dr. Theodore Bender, Mobile, Ala.

"Not only are your Pills admirably adapted to the purpose as an aperient, but I have found upon the Liver very marked influence. In practice I find a dose of them to be equivalent to three doses of any other pill, and I rejoice that we have at length a cathartic in the confidence of the profession and the public."

DYSPEPSIA — INDIGESTION.

From Dr. Henry Ackley, Mobile, Ala.

"The Pills you were kind enough to send me I have used in my practice, and have found them truly an extraordinary medicine. They are adapted to the diseases of the digestive organs, when taking them along, I have cured persons and *not patients* with them, when all other medicines were nearly or entirely useless. I consider them a valuable acquisition to the medical profession."

DYSENTERY — DIARRHŒA — LOSS OF APPETITE.

From Dr. J. G. Green, Cincinnati, Ohio.

"Your Pills have had a decided hold with us ever since we first tried them. We find them an excellent remedy, when a cathartic is required, in dyspepsia and diarrhœa. They are very acceptable and convenient for our children."

INTERNAL OBSTRUCTION — WORMS — DYSPEPSIA.

From Mrs. E. Stuart, who prepares as a Physician in Boston.

"I find one or two large doses of your Pills, properly timed, are excellent for correcting obstruction when which are painful and distressing. I feel so much the benefit of your Pills, that I recommend them to my patients."

CONSTIPATION — COSTIVENESS — PILES.

From Dr. J. P. Kennedy, Baltimore, Md.

"Too much can not be said in favor of your Pills, as they do all that is claimed for them. For the benefit of those who may be afflicted with costiveness, I will say, that I have found them an effectual remedy, and have prescribed them in my practice with the most decided advantage. I have also used them in my own family, and they have never failed to produce the desired effect."

FOR HEADACHE — SICK HEADACHE — DYSPEPSIA — LOSS OF APPETITE — PILES — DROPSY — RHEUMATISM — GOUT — FITS — &c.

From Dr. Edward Kane, Philadelphia.

"Other Pills have failed to produce any effect, although a valuable remedy in my practice, but in the use of your Pills I have not been disappointed. They seldom fail to produce the desired effect, and I prefer them to any other cathartic pill, or any other medicine of the kind."

From Dr. Harris, Philadelphia.

"You were right, Pills are purgative in their action on the bowels, and alterative in their action on the blood. The medical profession, in my practice, prefer them to any other pill, because they combine the two properties in the most agreeable form. They stimulate the system without irritating, and purge without griping. They are a valuable addition to our materia medica."

"Sir, I find Pills and Ague Pills to be all you deserve great credit for. Yours, &c
